PROFILE

I am a web developer, working in both, backend and frontend programming. Excited for improving my skills and learning new technologies. I'm open to learn and work with any web technology. I am currently pursuing BTech in Computer Science Engineering at Centurion University. I like to code matters from scratch and love the idea of bringing thoughts to life. Connect with me to get your project done.

EDUCATION

2015 - 2020

VIJNANA VIHARA

2022 - 2026

CENTURION UNIVERSITY
- Bachelor of Technology (computer science engineering
- GPA: 8.2/10.

WORK EXPERIENCE

CodeAlpha

FrontEnd Developement Intern

- As a Frontend Development Intern at CodeAlpha, I actively contributed to multiple projects focused on improving web applications' functionality and user experience. Working alongside seasoned developers, I gained hands-on experience specifically in frontend web development.

CodSoft

Web Development Intern

- During my internship at CodSoft, I had the opportunity to work closely with the web development team, gaining hands-on experience in front-end and back-end web development. I collaborated on several projects aimed at enhancing user experience and optimizing website

SKILLS

Languages: C/C++, Java, Python, HTML/CSS,PHP,SQL JavaScript/TypeScript, Node.js,

Technologies/Frameworks: Bootstrap, jQuery, ReactJS, Flask

Databases: MongoDB, MySQL, GitHub, Git, Visual Studio Code

PROJECTS

Encryption and decryption: An encryption and decryption project typically involves creating a system that can securely convert plaintext data into ciphertext (encryption) and then revert it back to plaintext (decryption).
